USB 3.1 Gen 1 Type-C Docking Station| Mac & Windows® | 3x USB-A | 1x USB-C | GbE | Mountable | 65W PD

This USB-C docking station is ideal for use in large organizations to meet widespread office productivity requirements and compatibility with all USB-C and Thunderbolt 3 laptops. The USB-C dock features support for Dual HDMI monitors, 65W Power Delivery 3.0, fast-charge, and both USB-C and USB-A peripheral ports.

Dual Full HD 1080p HDMI Displays

The USB-C docking station adds dual HDMI monitors support to your workstation, with full high definitions resolutions of 1920x1080 or 1920x1200 at 60Hz. With more screen space, you can access multiple applications and reference material on one display while composing on the other.

Charge Devices via USB-C & USB-A

The USB-A and USB-C charge ports can charge your smartphone, tablet or other USB peripherals whether you're working or away from your desk, and even if you disconnect your laptop.

65W Power Delivery

Using a single cable, the dock powers and charges your laptop as you work with 65W PD for faster charging, using the 90W power adapter.

Convenient Setup with a Modest Desktop Footprint

With a smaller size and extended length 3.3' (1 meter) host cable, this USB-C dock fits easily into a workspace environment. Even where desk space is limited, this dock can be mounted to the wall, monitor or underneath the desk with StarTech.com mounting brackets (SSPMSUDWM & SSPMSVEESA). These mounting brackets are specifically designed for our docks and hubs to give you the customized setup you need.

The Connections You Need
