TETRA FORCE SHOCK TWIST is the flexible, ultra-protective case that’s perfect for anyone who wants maximum protection for their smartphone. It’s made with high-tech materials that can absorb and dissipate the impact caused by drops. The IDS (Impact Dissipating System)™ technology developed by Cellularline uses the innovative Versaflex™ material which helps dissipate the energy generated by impact, avoiding possible damage to the smartphone’s internal and external parts. Tetra Force Shock Twist has a lifetime guarantee: to find out more, visit the Cellularline Guaranteed For Life section.
