both colour and mono. It also features enhanced scan speed of up to 60 ipm duplex, allowing you to digitise your documents quickly and easily.

Pioneering eco-friendly all-in-one printer

Designed with sustainability in mind, the IM C320F is leading the way in environmentally friendly print solutions. The device mainframe is made from over 50% post-consumer recycled plastic materials, reducing the environmental impact of production and disposal. Additionally, the all-in-one intelligent device uses less plastic packaging, with toner packaging being 100% plastic-free. With a low Typical Energy Consumption (TEC) value of 0.30kWh, this A4 colour device is an excellent choice for environmentally conscious organisations. It has also achieved the Blue Angel Mark certification, meeting the highest standards of environmental, health and functional quality.

Always-on security with RICOH Always Current Technology

The RICOH IM C320F comes with RICOH Always Current Technology, a unique feature that allows you to download the latest software updates and security patches directly to your device. This ensures that your device is always up to date and secure, and that you can access the latest features and functionalities. With RICOH Always Current Technology, you can enjoy the best performance and user experience from your device.

Adaptable Smart Operation Panel

With a 7-inch Smart Operation Panel that supports capacitive touch, you can access a range of apps and features, such as RICOH Intelligent Support, RICOH Smart Integration, and RICOH Always Current Technology, that keep your workflows productive and your device up to date and secure.
