## **Camera protection through raised, reinforced edges**

Extra strong additional protection: the raised edges made of noble metal in the mobile phone case back provide reliable protection for the protruding camera lenses without affecting the quality of the photos

## **Edge protection for the display**

Additional protection for the mobile phone display: The mobile phone case has a raised edge all around - so the touchscreen is better protected

## **Protected side buttons**

A clean sweep: the mobile phone cover also covers the side buttons - this protects against dust and the metal buttons allow a perfect pressure point

## **Custom-fit**

Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket

## **Hidden magnetic fastener**

Only opens when it's supposed to: practical case for mobile phone with hidden magnetic fastener

## **Imitation leather with anti-fingerprint effect**

Fingerprint-resistant surface: the high-quality faux leather of the mobile phone flip cover avoids ugly streaks from fingerprints - and instead simply always looks fresh and clean

## **Card compartment with Easy-Slide**

Mobile phone case with wallet function: thanks to the slide-out opening on the card compartment in the mobile phone case, ID cards, banknotes, etc. can be removed quickly and easily - always at hand
