Model: BT0069

Manufacturer: LOGILINK

EAN: 4052792075304

Product Code: 1483222

R1,365

Product information "Magnetic, extendable selfie stick, BT 5.0, MagSafe-compatible, 86 cm, black" from LogiLink

This versatile selfie stick is the ideal companion for anyone who likes to take photos and videos on the go. With a non-slip grip and integrated recording button, it offers optimum comfort and control. It is compatible with smartphones from 4.1 to 7 inches and can be rotated 360°, perfect for taking pictures from any angle. The extendable pole reaches a length of up to 86 cm, ideal for group photos or breathtaking landscape shots. Thanks to MagSafe compatibility and the detachable, wireless remote control, taking photos is child's play. The LED display provides information about the shooting mode and charging status. Made of sturdy aluminum alloy and ABS, this selfie stick is both lightweight and durable.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
