This tool-free rack mount clip is perfect for installing 10"" and 19"" accessories such as patch panels, PDUs, shelves, switches, blank panels, and cable entry panels. Its robust design supports cantilever shelves up to approximately 300 mm (11.8 in.) in depth and half-depth switches up to 180 mm (7 in.).

## **Perfect for IT Equipment Testing and Temporary Installations**

Whether you're configuring new devices, troubleshooting, or frequently swapping out components, this hassle-free solution ensures efficiency and ease of use.

## **Six Mounting Kits in a Convenient Jar Packaging**

Each set includes a dozen pieces - six left and six right clips - in a convenient jar packaging for easy access and organization.

## **Durable and Built to Last**

Constructed from high-quality steel with a zinc die-cast housing, this tool offers exceptional durability and long-lasting performance. Its sturdy build ensures that your equipment stays securely in place, providing both reliability and peace of mind.
