Unbreakable thanks to effective impact and shock protection

Unbreakable armoured glass for longevity: the flexible, indestructible material guarantees effective protection against scratches, impacts and shocks

Full-cover protection

Full-screen coverage: the protective glass with black ultra-wide frame merges with the edge of the smartphone and offers complete protection for the front - from the display to the edges

Resource-sparing production

Resource-sparing production from recycled PET material: the display protector and backing film are made 100% from environmentally friendly rPET - which uses up to 50% less energy in production and generates only 33% CO2 emissions compared to conventional new PET products

Sustainable EcoAdapter

Recycled plastic: the EcoAdapter is made from 100% GRS-certified, recycled ABS plastic

Quick and easy to attach

Three simple steps to display protection: clean the mobile phone display, secure the EcoAdapter mounting aid onto the charging socket, pop the mobile phone protective glass on top - done

Precision glass

Precisely cut out: lasered with such precision that the cut-outs, e.g. for the camera, are minimised to guarantee maximum coverage of the display

Anti-fingerprint

"Perfect touch" surface with anti-fingerprint coating

Ultra-clear material in HD quality

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. A clear view: highly transparent ultra-clear material in HD quality for a perfect, undistorted view of the display

Suitable for every case

Case-friendly: the special design means it fits all mobile phone bags, sleeves and cases

Electrostatic adhesion

Attaches in an electrostatic way, therefore no adhesive needed, can be removed without leaving any residue

> 20% from demonstrably recycled sources

And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle

FSC

FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood
