TURBOLINE salad spinner

Prepare your salad turbofast in the new TURBOLINE salad spinner. The 50 percent higher rotational speed makes this possible.

The salad spinner is available in three different models - made of stylish stainless steel, as a collapsible variant or with a crystal clear outer bowl.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
