Product Code: 1485677

R1,114

Reciprocating saws are excellent tools for demolition work and we designed the PRO Metal Demolition S925VF recip saw blade to help you get demanding demolition jobs done.

The PRO Metal Demolition S925VF recip saw blade's robustness comes from its Bi-Metal build, pairing a thick gauge HCS body with hardened HSS teeth. The advanced Bosch Vario tooth design ensures a more efficient cutting action, for smooth cuts and longevity.
