- Functional details.
- The design of the entire collection is as elegant as the use of each individual accessory for the enjoyment of a precious drop. Especially wine connoisseurs will love the Vino collection

Product description

There are many different types of wines, and just as many different wine bottles and bottlenecks. The patented WMF wine /prosecco corkscrew is designed to open every bottle without difficulty. It comes with a flexible plastic housing that fits on every bottle. In addition, the silvery polished Cromargan® surface is a stylish eye-catcher.

The WMF Vino collection offers professional accessories for wine lovers: Coasters, drop rings and wine pumps are just a few of the practical and beautiful items that will make the enjoyment of wine just that little bit more exquisite. The polished, silvery surfaces made of high-quality Cromargan® are complemented by functional, jet-black handles, stoppers or bottle tops giving them an elegant and modern appearance. Wine connoisseurs will love the Vino collection because it enhances the pleasure involved in serving fine wines.
