Model: 40620

Manufacturer: LINDY

EAN: 4002888406208

Product Code: 1486827

R1,153

USB Port Blockers are useful little devices that system administrators can use to physically prevent access to USB ports. USB Port Blockers allow locks to be inserted and removed from USB ports to stop unauthorised users from inserting pen drives, USB mass storage and mobile devices into shared workstations or devices with USB ports in public spaces.

To use, simply attach a lock to the key and insert it into the USB port. Release the sliding mechanism on the key to leave the lock in place. To remove, simply insert the key back into the lock and pull away.

Please note: this key is only compatible with the corresponding colour of port blocker

Security Note: The Port Blockers will only act as a basic physical and visual deterrent to tampering. It will not prevent a determined attacker, intent on gaining physical access to a RJ-45 port. Please note: this key is only compatible with the corresponding colour of port blocker
