R2,201

The Chieftec Hawk AL-02B-TG-OP gaming chassis is an elegant and down-to-earth gaming case with a polished aluminum front panel design. The side panel made from tempered glass allows for the built system to be on display beautifully. Dust filters are pre-installed at the front and bottom inlets, ensuring that the system remains dust-free and clean. With all the features a modern gaming chassis needs and a build quality that will impress, the Hawk is the right choice for gamers that prefer an understated design.
