The large 1.6" display provides plenty of room to interact with your Galaxy Fit3. See, tap and swipe easily to do more in less time.

Slim. Light. Ready for motion

With its sleek and lightweight design, Galaxy Fit3 comfortably fits into your workout routine. The slim aluminum body, as light as 18.5g, won't weigh you down or get in your way during workouts. Plus, 5ATM and IP68 ratings mean it's ready to face raindrops or dust. Look workout-ready and stay fit.

Over 100 workouts, ready for you

Explore over 100 different exercises to track by simply double-pressing the Home button. Forgot to press Start? Don't worry. Your Galaxy Fit3 automatically recognises and tracks popular workouts for you, including running, elliptical, rowing machine, and now even pool swimming.

Your health and fitness at a glance

Get a comprehensive view of your workout performance, health progress, sleep patterns and more with the Samsung Health app on your phone. Check your accumulated health data from your Galaxy Fit3 and view it over an extended period on a larger screen.

Multiple functions at your fingertips

Find what you need in a snap with intuitive gestures. Swipe right for Notifications, left for Tiles, down for Quick Panel and up for App List. Want to start fresh? Just press Home button to quickly bounce back to your home screen. For quick workouts, you can double-press the home button to jump to the exercise list.

Play, check, reply. All from your wrist

Snap a photo, play tunes, check incoming calls and reply texts — all straight from your wrist, synced with your Galaxy smartphone. Your phone's missing? Ask your Galaxy Fit3 to ring your phone and help you locate it. Plus, you can back up your Watchfaces, apps, and more to keep your favorite settings.

100+ Watchfaces with various features

See how many calories you burned today or the current local time around the world at a glance. Choose from a collection of over 100 Watchfaces, from informative to stylish, or create your own with your favorite photo.

Get started with your Samsung account

To start using Galaxy Fit3, a Samsung account must be registered on your phone. Your health data on your Galaxy Fit3 will be safely transferred and stored in the Samsung Cloud connected to your account, so you can fully access and manage your data.

Daily Activity

Track daily activities — including steps, activity time, burned calories and more.

Steps

Set your daily step goals and take each step towards a healthier lifestyle.

Heart rate

Measure your heart rate and get notified when it's too high or too low.

Stress

How stressed are you? Monitor your hourly stress levels and be aware of your stress patterns for better peace of mind.

Blood oxygen

Check your blood oxygen levels during your sleep or at any time during the day.
