Transparent mobile phone case without yellowing: many years of enjoyment from your case as the special material composition prevents yellow discolouration

## **Protected side buttons**

A clean sweep: The mobile phone cover also covers the side buttons - this protects against dust and enables a perfect pressure point

## **Custom-fit**

Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket

## **Scratch-resistant**

Scratch-resistant back cover: Keys, pens and coins don't bother the protective mobile phone case in trouser, hand and jacket pockets thanks to the anti-scratch material

## **Camera protection through raised edges**

Simply lay it down carefree: the raised edges of the phone case provide protection for the protruding camera lenses without compromising the quality of the photos

## **Edge protection for the display**

Additional protection for the mobile phone display: The mobile phone cover has a raised edge all around - so the touchscreen is better protected

## **Plastic-free**

Packaging with a clear conscience: our packaging is 100% plastic-free, enabling us to reduce plastic waste and increase its recyclability
