HP OneShred 8CC paper shredder Particle-cut shredding 68 dB 22 cm White

Model: 2801

Manufacturer: HP INC

EAN: 4030152028016

Product Code: 1496045

R2,125

The handy document shredder HP OneShred 8CC respectivley OneShred 8CC Black in modern design is a quintessential feature of any household and fits next to every desk. Thanks to the high security level P-4, the DSGVO-compliant shredding of sensitive data such as salary slips and tax returns is guaranteed. Up to eight DIN A4 sheets can be shredded at the same time in particle cut via the intuitive operation. Even paper clips, staples and credit cards are no problem for this reliable shredder. The shredder has an automatic reverse function in the event of a paper jam, as well as an overheating and overload indicator. Thanks to the viewing window, you are always alerted when the box needs to be emptied, even without a technical fill level indicator for the waste bin.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
