class comfort with our revolutionary Jabra Air Comfort technology.

**Do it all, with a headset designed to do it all**

**BEST-IN-CLASS COMFORT**

**There’s something in the air…**

Our engineers spent years perfecting our new game-changing Jabra Air Comfort technology to create this incredible best-in-class comfort.

Layers of ultra-soft perforated foam inside the cushioned headband stop pressure building up, for a dreamy, light-as-air fit no matter how long you wear it.

Flexible, ergonomic earcups take the feel-good factor even further. They rotate to move whenever you do, so you’re free to focus on your day without your headset getting in the way.

**ACTIVE NOISE CANCELLATION**

**It’s oh-so-quiet**

We’ve all had one of those days. A buzzer-happy delivery driver arriving mid-conference call. The kids screeching about snacks just as you’re about to seal the deal. Your dog barking in the background of that crucial client chat.
Enter Evolve2 55.

Its powerful Active Noise Cancellation (ANC) has a novelty acoustic chamber design and a specially-designed chipset, plus 2 premium noise-cancelling microphones, to effectively silence your surroundings. So you can get on with making hybrid work, work for you.

Sound demo is for illustration only. Actual experience may vary.

Hear what you want, the way you want. Evolve2 55 delivers Active Noise Cancellation in both mono and stereo styles - so you can be sure all the words in your ear sound just right, whichever style you prefer.

**Mic position matters.** The novelty acoustic chamber has the feedback microphone facing away from the headset speaker and sitting closer to the ear canal, helping it to hear everything in your environment exactly the same way you do, which means you get powerful noise-cancelling accuracy that’s uniquely honed to your surroundings. We’d call that a mic drop moment.
