

Equip USB 2D Barcode Scanner, with Stand

Model: 351021

Manufacturer: EQUIP

EAN: 4015867231678

Product Code: 1497522

R1,516

The Equip USB 2D Barcode Scanner with Stand is a versatile and high-performance tool for scanning 2D barcodes. This device is ideal for various applications, including retail, healthcare, logistics, and more. Equipped with a stand, it provides hands-free operation, improving efficiency and reducing user fatigue.

The USB connectivity ensures easy integration with your computer or point-of-sale system, making setup a breeze. With 2D scanning capabilities, it can quickly and accurately read a wide range of barcodes, including QR codes, Datamatrix, and more. This scanner simplifies data capture and enhances accuracy, making it suitable for tasks like inventory management, patient record keeping, and product tracking.

The stand allows for presentation-style scanning, making it a valuable addition to busy retail checkout counters or warehouses where multiple scans are required. This scanner is a cost-effective solution for businesses looking to streamline their operations, improve inventory accuracy, and
