# InLine 35300U cable gender changer USB-A Black

Model: 35300U

Manufacturer: INLINE

EAN: 4043718270033

Product Code: 1498959

## R815

**Space-saving cable routing:**The angled design allows efficient use of USB-A ports even in confined spaces.
**Stable USB 3.2 Gen.1 connection:**The interface ensures reliable data transfer with common USB-A devices.
**Mechanical relief for the device port:**The cable deflection reduces tensile forces and protects the connections.
**Flexible extension of existing USB connections:**The adapter allows for easy extension between USB-A plugs and USB-A sockets.
**Robust design for technical applications:**The 270° horizontal angle supports structured installation in various areas of application.

The InLine® USB 3.2 Gen.1 adapter enables the efficient use of a USB-A port even in confined spaces. The 270° horizontal angle optimizes cable routing and enables a clean, space-saving installation. The adapter is suitable for use in technical environments where USB-A connections need

to be redirected or mechanically relieved.
The connection from USB-A plug to USB-A socket ensures that existing USB-A cables can be extended or flexibly adapted. The adapter is fully compatible with USB 3.2 Gen.1 and backward compatible with older USB standards. This maintains functionality with common peripherals and accessories. The robust design supports reliable use in installation and work environments.
Thanks to its stable construction and precise angling, the adapter offers a secure way to optimize USB connections and protect device ports from tensile stress. It can be used in a variety of ways and serves as a practical solution wherever orderly cable management or the adaptation of a USB-A connection is required.

USB 3.2 Gen.1 standard
USB-A plug to USB-A socket
Angle: 270° horizontal
