R5,505

This compact multi-port dock is ideal for office application, featuring everything from the essential two HDMI™ outputs, USB™ ports, Gigabit Ethernet, SD™/microSD™ card reader, Audio Jack and an upgraded Power Delivery 3.1 specification. It comes with a mount for saving-space vertical placement and gives you the ability to connect your MacBook® or other USB-C® compatible laptops to a 4K monitor or TV. With USB™ Power Delivery 3.1 it'll take you to a new flexible power application, you'll be able to charge your laptop and power your peripherals with a single USB-C® power adapter even if your laptop only has one USB-C® port. The top of the dock functions as a wireless charging pad that supports up to 15W fast charging and is also compatible with MagSafe®.
