Home Assistant - so you can control smart devices around the home with even more convenience

Easy installation via QR code

Scan and go: see how easy a smart home can be - scan the QR code with a smartphone and the smart lamp is automatically incorporated into the Matter smart home

IP65 - weatherproof

Weatherproof outdoor lamp: whether it be a summer party or a Christmas celebration in the garden, with the garden spotlight you can enjoy this atmospheric, smart garden lighting in rain and snow thanks to the IP65 protection class, which protects against water jets from all directions

Adjustable angle of tilt

Light where you want it: the angle of the garden spotlight can be adjusted anywhere on the joint of the ground spike, as well as the mounting base, to magically illuminate the crowns of trees, light up garden paths or create accents on the garden wall

Ground spike

The perfect position on the lawn, in flower beds and in pots: with the ground spike, you can pop the garden spotlight into any loose soil and let your garden shine

Mounting base

Garden spotlight as an outdoor light: secure the LED outdoor light with screwed-on mounting base to the wall, ceiling or floor and illuminate the courtyard, house and patio or set an artistic scene

Choose from 16 million colours

Smart colour rush: from 16 million colours, choose exactly the one you want for your mood or occasion and bathe your trees and shrubs in your favourite colour with the garden light, choose cheerful changing colours for a party or dim the garden spotlight to create cosy garden lighting

Connect three garden spotlights

Unique outdoor lighting: connect up to three smart garden lights and bathe your garden in an artistic light

Can be extended at will with other Smart Home products

Step by step to the Smart Home: with the Hama Home app, you can expand and network your smart home with any number of Hama Smart Home products

Easy operation from anywhere via the app

Be it on the sofa or the train: with the Hama Home app, you can control your WLAN LED lamp from anywhere and you have control over your lighting at all times

Convenient voice control

Whether it be Amazon Alexa or Google Assistant: conveniently control all kinds of lighting effects via the smart lamp using voice commands

Smart Home without a gateway

Our garden spotlight works without any gateway (hub): you don't need an additional device and you save on extra costs since the WLAN garden spotlight establishes a direct WiFi connection with the router
