

LogiLink AU0062 interface cards/adapter SATA

Model: AU0062

Manufacturer: LOGILINK

EAN: 4052792075779

Product Code: 1499206

R972

Product information "USB-A/USB-C 2-in-1 to SATA adapter, USB 3.2 Gen1 compatible, black" from LogiLink

Experience lightning-fast access to your 2.5" hard drive (6.35 cm) – whether you're using a computer, laptop, smartphone, or tablet. The flexible USB-C or USB-A connection makes it possible. Benefit from enormous storage capacity: Up to 10 TB can be stored on 2.5-inch SATA HDD/SSD drives (up to 9.5 mm). The practical 2-in-1 USB-A and USB-C connection ensures compatibility with almost all devices. Thanks to USB 3.2 Gen 1, you enjoy high transfer rates of up to 5 Gbps and are also backward compatible with older SATA standards (1.5, 3 and 6 Gbps). The easy hot-plug and plug-and-play function makes installation a breeze – no drivers required. Whether Windows, MacOS, iOS, iPadOS, Linux, Chrome OS or Android – this device is open to all systems.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
