R1,426

The i-tec SOLOMON 300 brings true 4K resolution to a price point where Full HD is still the norm. With a wide 92° field of view, it is perfectly suited for presentations, team meetings, and modern collaborative workspaces.

Automatic exposure, white balance, and black level control ensure a sharp and well-balanced image without user intervention. A built-in privacy shutter adds peace of mind, making SOLOMON 300 an ideal choice for users who want high resolution without a premium budget.

AUTOMATIC IMAGE OPTIMIZATION

- Automatic Exposure (AE) automatically adapts brightness and contrast to changing lighting conditions, keeping the subject clearly visible without overexposed highlights or dark shadows, all

without manual adjustment.

- Automatic White Balance (AWB) automatically adapts color temperature to different lighting conditions, keeping whites neutral and skin tones natural for consistent, accurate color reproduction without manual adjustment.
- Automatic Black Level Control (ABLC) dynamically adjusts black levels to preserve shadow detail and contrast, preventing crushed shadows or washed-out blacks for a deeper, more balanced image.
