Hama 00178660 smart wearable accessory Band Beige Silicone

Model: 00178660

Manufacturer: HAMA

EAN: 4047443555397

Product Code: 1500380

R1,717

Pay in the blink of an eye: with the payment wristband, you can leave your wallet tucked away. Simply upgrade your (smart)watch with the NFC wristband and pay contactlessly with ease. Spontaneous coffee runs or a quick stop at the bakery - make your everyday life a little less complicated.

Powered by Fidesmo

Reliable partner, uncomplicated setup: connect the payment wristband to the Fidesmo app and then add the credit or debit card to Fidesmo Pay– ready for contactless payment

Secure use of the payment wearable

Pay securely and contactlessly: the passive NFC chip is only activated when the wristband is approx. 2 - 4 cm from the card reader. A digitally encrypted token, derived from the linked card’s card number, is used in the payment wristband

800+ partner banks

Huge network: the Fidesmo app supports 800 banks worldwide, and this network is constantly being expanded - your bank is sure to be among them

Visa and Mastercard certified

Highest standards: Visa and Mastercard agree, which is why the entire payment wristband is certified, from the wristband to the app to the chip

For a web width of 22 mm

Universal measurement: with the standard web width of 22 mm, suitable for many analogue watches, Hama smart watches and other brands

Silicone wristband with stainless steel buckle

Timeless and elegant: design harmonises with many wristwatches and smart watches, the soft yet robust silicone is comfortable to wear against the skin
