Model: 7030

Manufacturer: ESGE

EAN: 4011689107214

Product Code: 1500864

R1,078

The multi-knife is a real all-rounder. It cuts, chops and minces. You can easily chop raw and cooked vegetables or cooked meat to the degree of fineness you want, or strain soups and sauces in no time at all. Prepare baby food directly in the pan or pot on the stove, eliminating time-consuming transfers and unnecessary extra washing up. With the multi-knife you can mix batter for cakes, pastries and omelettes, chop fruit and berries for exotic dishes and delicious desserts and frozen fruit for fruit ice cream and sorbets. The multi-knife even chops ice cubes into crushed ice for cold drinks and cool cocktails.
