height adjustments.

Wide Range of Motion for Optimum Viewing

The dual articulating monitor arms offer a wide range of motion on several axes, giving you the freedom to place your displays side-by-side and adjust the viewing angle. Tilt your monitors +/-90 degrees and pan +/-90 degrees for ideal viewing. For viewing longer pages or blocks of code without scrolling, the dual monitor arm also supports landscape to portrait display rotation for either monitor.

Create a More Ergonomic Workspace

Mounting your displays on a dual monitor arm above the desk surface enables you to adjust your display height, position and viewing angles easily for an ergonomic work environment. Work in comfort, and reclaim valuable workspace on your desk or table.

The dual monitor mount supports two VESA mount (75x75, 100x100) displays up to 24", with a maximum weight capacity of 30lbs (13.6kg) per arm. The computer monitor mount holds your displays with ease, and integrates a cable management channel to keep things neat.

Flexible Mounting Options

For added installation flexibility, the included mounting hardware can either clamp to the side of your desk / table or mount through a grommet hole, for a versatile dual-monitor mounting solution.

ARMDUAL is backed by a StarTech.com 5-year warranty and free, lifetime technical support.
