Addition

Thus, at home or in the office, with the IB-MSA101-LH almost any monitor arm easily offers an ergonomic workstation with ideal typing and viewing qualities. The use of a second monitor, e.g. by combining an ICY BOX double arm monitor holder, enhances your workstation further.

Ideally applied

As the laptop holder is equipped with width- and height-adjustable fixations it is easy to adjust and set-up laptops and other devices with a width of up to 420 mm. The fixation also prevents the laptop from falling down.
