USB-C Travel Dock | MacBook Pro | USB-C & A Ports | Mac, Windows, Chrome & Android OS

This USB-C multiport adapter turns your USB-C ® or Thunderbolt™ 3 MacBook Pro, Windows laptop, Chromebook and Android tablet into a workstation, anywhere you go. A USB 3.1 Gen 2 Type-C hub adapter, ideal for travel, features everything from the essential HDMI or VGA video outputs to faster 10G USB-C & USB-A peripheral ports. All through a single extended length 29cm USB-C® attached host cable, providing more flexibility for harder to reach laptop and tablet connections.

Two Video Output Options with HDMI & VGA

This USB-C multiport adapter features both an 4K 30Hz HDMI and VGA port providing you with two single video output options for your boardroom presentations or your workstation setup including support for an ultra-wide monitor.

Designed for Portability & Ease of Use

The USB-C travel dock is bus-powered through an attached extended length 29cm host cable, accommodating a wide variety of setups, so there's no need to carry around a separate bulky power adapter. Installation is fast and simple, with native support in most operating systems and at only 1.94 ounces (55 g) and taking up less space than your smartphone, this dock easily fits in your laptop bag or briefcase.

Simplistic Port Configuration

In addition to the video outputs, the portable USB-C dock gives you one 10G USB-C port and USB-A port to connect your latest and legacy USB devices. The adapter also integrates a Gigabit Ethernet port to access a wired network.
