

Zebra Onecare 3 year(s)

Model: Z1AE-TC26XX-3200

Manufacturer: ZEBRA

Product Code: 1503556

R10,717

TECHNOLOGY IS COMPLEX.

MAINTENANCE DOESN'T HAVE TO BE.

You depend on your devices and software applications to run your business. When they're down, so are your workflows. You don't have time for unexpected surprises that halt your operations. You need a plan to protect against failures and prevent frustrations. Keep it simple and certain with Zebra OneCare maintenance plans.

Never one-size-fits-all, choose the "right-for-you" plan that's tailored to your exact needs and business urgency. Delivering much more than backup warranty and repair, our comprehensive plans add years of ongoing enhancements to protect your technology and your investment.

TRUSTED SERVICE AND ONGOING SUPPORT FROM THE SOURCE

Accidents happen, especially in tough business environments. Don't let that halt your operations. Stay a step ahead of the unexpected with troubleshooting and support from the team that knows your devices best and stands behind their technology 100%. Maximize your coverage and get certified repairs with authorized parts, along with security patches and firmware and software updates.

HASSLE-FREE REPAIRS AND SUPPORT YOUR WAY

Get the support you need, when and how you need it. Take advantage of self-service diagnostic tools or submit requests quickly and easily online. Tap into Zebra's digital support community for common questions or give us a call to connect with a live agent. Trust Zebra to focus on your business-critical devices, so you can focus on your operational outcomes.

PEACE-OF-MIND PLANS THAT FLEX TO FIT YOUR BUSINESS

Choose the plan that's right for your business goals and budget. Far from one-size-fits all, Zebra OneCare plans offer everything from Essential coverage to elevated Select support, and even Specialized plans for targeted protection. Pick your plan based on your device type or portfolio, contract length, coverage level and repair turnaround time. It's pain free with our simple subscription model.
