R5,172

The 200 watt ESGE-Zauberstab® P 200 Profi easily processes up to 30 liters of liquid (with a container diameter of approx. 45 cm) with its long-lasting, robust AC motor "Made in Switzerland" - optionally with 12,000 to 17,000 revolutions per minute, which can be selected using the safety twin switch. The device is suitable for large catering containers - and the spiral cable, which can be extended up to 150 centimeters, ensures freedom of movement. Comes with multi-blade, beater disc, whisk disc.
