

Bosch GAS 35 H AFC Professional Black, Blue, Red 35 L 1200 W

Model: 06019C3600

Manufacturer: BOSCH

EAN: 4059952564494

Product Code: 1503722

R21,899

Product Highlights

The GAS 35 H AFC Professional is the high-performance wet/dry dust extractor enabling better user protection. Its safety filter traps 99.995% of health-endangering dusts. The certification for H-class dust further increases the level of health protection against carcinogenic and pathogenic dust as well as organic material (e.g., mould) and container construction material (e.g., glass fibre). Its automatic filter cleaning mechanism prevents interruptions for constant working. A volume flow control monitors the constant air flow through the suction cup and gives an acoustic warning signal if the air flow is too low.

Equipment & Application

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The GAS 35 H AFC Professional is certified for H-class dust, such as carcinogenic and pathogenic dusts. The L-BOXX can be clicked onto the wet/dry dust extractor for easy transport. All Bosch Power Tools with the Click & Clean System can be connected directly to the GAS 35 H AFC Professional without an adapter.

Additional Information

The 1,380 W suction turbine with 254 mbars (millibar) vacuum pressure delivers good extraction results. The wet/dry dust extractor is equipped with antistatic features for the reduction of electrostatic charge.
