allowing you to practice and improve your precision flicking skills and consistent crosshair placement.

SMOOTHER GLIDES. PRECISE STOPS.

The hybrid cloth fabric provides a textured surface with optimal friction, balanced in both fast glides and stopping power for accurate control. Near-perfect uniform tracking along the X and Y axis means that movements in all directions are smooth and consistent, making it ideal for tracking practices.

WATER, OIL AND DUST-REPELLENT SURFACE

The military-grade protective nano-coating on the ROG Hone Ace Aim Lab Edition guards against accidental spills. It’s easy to clean and maintain for a consistent and responsive tracking surface that holds up over time.

STURDY AND SOFT RUBBER BASE

At 3 mm thick, the rubber base provides a stable, nonslip foundation as well as the right amount of cushioning for long hours of gaming comfort.

ROG Ace Esports Collection
