Product Highlights

This compact and swift angle grinder packs 800 W of equivalent corded power, making it an ideal combination of comfort and performance for light-duty cutting and grinding tasks. You can expect the fastest cutting performance in light-duty tasks such as cutting rebar, metal sheets, PVC and tiles, or deburring light metal. Packed with safety features and designed with a sleeker and longer grip than its predecessor, the grinder offers excellent control and ergonomic comfort to minimize fatigue. Thanks to its optimized runtime per battery charge, it saves time by letting you get more work done on less recharges
