COUGAR Midi Tower Case, Airface 180, ARGB, Black

Model: CGR-5VA4B-RGB

Manufacturer: COUGAR

EAN: 4710483779985

Product Code: 1507033

R2,117

The Power of 180mm, Doubled.

The Airface 180 redefines out-of-the-box cooling with dual 180mm PWM ARGB front fans and a 120mm rear fan, delivering massive airflow for peak performance. With a magnetic front filter panel for effortless maintenance, a PSU cabin optimally placed for enhanced airflow, and a sleek minimalist aesthetic, the Airface 180 is built to keep its cool.

Extreme Cooling Out of the Box

Pre-installed with 2x180mm PWM ARGB front fans and 1x120mm PWM ARGB rear fan, the Airface 180 delivers extreme cooling right out of the box. Expand your cooling setup to a total of 8 fans to keep your system performing at its best when the game heats up.

Magnetic Filter Panel

The metal filter panel magnetically attaches to a slim spacer frame, achieving a minimalist, clean look while maintaining airflow. A concave recess at the lower edge of the panel serves as a finger groove, enabling easy removal.

Optimal PSU Cabin Placement

The PSU cabin is offset to the right of the case in contrast to the center placement of conventional PC case design, allowing for extra airflow from the side ventilation panel.

The Future of Motherboard Compatibility

The Airface 180 is also fully compatible with reverse connector motherboards, including ASUS BTF, MSI Project Zero, and GIGABYTE Project Stealth. We’re not just ready for the gaming rigs of the future: we welcome them.

Motherboard Versatility

The Airface 180 is optimal for a variety of build requirements, compatible with reverse connector, Mini-ITX, Micro-ATX, ATX and CEB motherboards.

Graphics Powerhouse

The Airface 180 supports GPUs up to 340mm in length, making it an excellent choice for performance-driven builds.

Modern Connectivity

The Airface 180 is equipped with USB 3.2 Gen 2 Type-C x 1, USB 3.0 Type-A x 2 for versatile device and peripheral connectivity.

Memory Capacity
