

Equip 43"-86" Back to Back Dual Screen Ceiling Mount

Model: 650377

Manufacturer: EQUIP

EAN: 4015867241639

Product Code: 1507363

R2,717

The 43"-86" Back to Back Dual TV Ceiling Mount is a premium mounting solution designed for large displays in commercial, corporate and public spaces. Supporting two screens from 43 to 86 inches, it provides dual-sided visibility that is ideal for airports, shopping malls, restaurants and conference areas where content must be viewed from multiple directions. Constructed from high-strength steel, the mount offers exceptional stability and long-term durability. The adjustable telescopic pole design enables flexible height positioning, while tilt, swivel and 360° rotation around the pole allow precise viewing angle adjustments. Integrated cable management keeps wiring neatly concealed for a professional, clutter-free appearance, and compatibility with VESA patterns up to 600 x 400 ensures efficient installation and a secure fit for large-format displays.
