Transparent mobile phone case without yellowing: many years of enjoyment from your case as the special material composition prevents yellow discolouration

Protected side buttons

A clean sweep: The mobile phone cover also covers the side buttons - this protects against dust and enables a perfect pressure point

Custom-fit

Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket

Scratch-resistant

Scratch-resistant back cover: Keys, pens and coins don't bother the protective mobile phone case in trouser, hand and jacket pockets thanks to the anti-scratch material

Camera protection through raised edges

Simply lay it down carefree: the raised edges of the phone case provide protection for the protruding camera lenses without compromising the quality of the photos

Edge protection for the display

Additional protection for the mobile phone display: The mobile phone cover has a raised edge all around - so the touchscreen is better protected
