

Intellinet Gigabit PCI Express Network Card, 10/100/1000 Mbps PCI Express RJ45 Ethernet Card

Model: 522533

Manufacturer: INTELLINET

EAN: 766623522533

Product Code: 1508521

R995

The Gigabit PCI Express Network Card is a high-performance network adapter. It supports the PCI Express bus architecture, which provides faster throughput than the current 32- and 64-bit PCI bus architectures. And there is no need to switch to fibre optic cable - The Intellinet Network Solutions Gigabit PCI Express Network Card allows you to run Gigabit speeds over your existing copper wire network cable.

Faster Throughput

The PCI Express host interface supports throughput rates of up to 2 Gbps when running in full duplex mode, ideal for resource-intensive CAD/CAM, client-server database, multimedia, pre-press, advertising graphics, server and mission-critical applications.

Auto-Negotiation

The Gigabit PCI Express Network Card will automatically detect the network speed that the LAN switch port is set to and run at the same speed. The card supports 10Base-T Ethernet, 100Base-TX Fast Ethernet and 1000Base-T Gigabit Ethernet.

Full Duplex

When running in full duplex mode, the Gigabit PCI Express Network Card provides the following throughput rates: 20 Mbps (10Base-T Ethernet), 200 Mbps (100Base-TX Fast Ethernet) and 2 Gbps (1000Base-T Gigabit Ethernet).

Built-In Diagnostics

The Gigabit PCI Express Network Card comes standard with crossover detection and auto correction capabilities that make installation and maintenance a snap.

Remote Power On

The Wake-On-LAN feature allows you to power on your desktop PC from anywhere on the network.
