

InLine Power cable, C14 to Schutzkontakt female, black, 1m

Model: 16659A

Manufacturer: INLINE

EAN: 4043718137886

Product Code: 1508831

R864

C14 to EAR adapter cable for UPS and PDUs up to 2500 W

Flexible connection solution for C14 outputs: Enables devices with EAR plugs to be operated on C14 power outlets, such as those found on UPS systems or PDUs.

Reliable power supply up to 2500 W: Rated for a maximum power consumption of 2500 W at 10 A and 250 V, making it suitable for numerous IT and network applications.

Optimised for 19" infrastructures: Ideal for use in network cabinets with PDUs or UPS units to efficiently expand existing power distribution.

Various lengths for a precise fit: Available in 0.5 m, 1 m, 2 m and 3 m for neat and organised cable routing in the rack or server room.

This InLine® power adapter cable with C14 (IEC 3165) to EAC (IEC 3165) socket serves as a practical connection solution for professional power distribution. It enables the operation of devices with earthed plugs on C14 sockets, such as those typically found on UPS systems or PDUs in 19" network cabinets.

The rating of up to 2500 W at 10 A and 250 V allows for the reliable operation of numerous active components within existing IT infrastructures. The adapter cable is particularly suitable when existing C14 sockets need to be used flexibly without altering the existing power distribution.

The available length options of 0.5 m, 1 m, 2 m and 3 m allow for a structured installation tailored to your needs. Please note that the maximum power consumption of the connected device must not exceed 2500 W.

Connection A: C14 power socket

Connection B: EARTHED socket

Maximum power: 2500 W

Rated current: 10 A

Rated voltage: 250 V

Variants: 0.5 m, 1 m, 2 m, 3 m
