R848

Easily add more computers or other Ethernet devices to your home network.

The Manhattan 5-Port Fast Ethernet Switch is perfect for the home environment and small-size business looking for a durable switch that is reliable and easy to install.

Versatile

The Fast Ethernet Switch connects up to five computers, servers, printers, switches or any other Ethernet devices at 10 or 100 Mbps over Ethernet cables, and works with any operating system.

Easy to Install and Maintain

The auto features of this switch make installation plug and play and hassle free. There is no configuration required, and you don't need to worry about using special cables for uplink ports, since each port is equipped with Auto MDI/MDI-X crossover.
