From the lines cable connectivity concept developed by Lindy, Black Line USB 3.1 Type C to A cables are fully featured, entry level high resolution connection solutions, perfect for home and small office use.

USB Type C features a reversible connector, so no matter which orientation the cable is inserted, a connection will always be found. This connector allows a fully bi-directional cable with automatic host and device negotiation.

Black Line USB 3.1 cables feature triple shielded construction with tinned copper conductors for premium performance and corrosion resistance. Nickel connectors and gold plated contacts maintain signal integrity and reliability.
