Rackmount.IT Rack Mount Kit for FortiGate 60E / 61E shielded / industrialized

Model: RM-FR-T10i

Manufacturer: RACKMOUNTIT

EAN: 8718868918406

Product Code: 1511074

R4,839

The RM-FR-T10i (industrial) gives you the ability to mount your Fortinet desktop firewalls in a 19" rack. The rack is tailored specifically for the listed models to guarantee a perfect fit. In addition, the connections are brought to the front for easy access. The power supply is fixated to prevent an accidental loss of power.

The shielded CAT6 cables and couplers make the RM-FR-T10i applicable in high frequency environments.

Assembly will take about 5 minutes. Simply slide your Fortinet device in the kit, place the retainers, connect the supplied cables to the keystones and fix the power supply to the rack.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Other colors can be delivered on project basis.
