R782

Wireless freedom! This Bluetooth-In-Ear-Headset from LogiLink is the perfect exercise companion. Hanging safely and comfortably around the neck, it doesn’t interfere with movements. Enjoy remarkable sounds while running, climbing and many other sports. Use the in-line controls on the cable to adjust the volume, answer and end calls or skip songs on your music player or smartphone. Whether in ears or hanging around the neck, the BT0056 headset sits securely and comfortably all day long.
