Product Code: 1511999

R2,695

Frying, grilling, cooking, roasting, drying, baking, keeping warm, heating, defrosting and roasting - and always oil-free: the BPA-free hot air fryer XL makes it possible. Its 200°C hot air circulation ensures speed and energy savings. The non-stick and dishwasher-safe frying basket has a capacity of 5 L. For example, up to 1 kg of French fries can be prepared quickly. The temperature can be continuously adjusted from 80 to 200°C. Operation is child's play with the rotary control. Other plus points: 60-minute timer, anti-slip feet, automatic switch-off and safety switch-off.
