Model: SF501SGAF-BLK-FM

Manufacturer: 3M

EAN: 4054596869493

Product Code: 1512674

R1,336

3M™ SecureFit™ 500 Series features a contemporary lens design coupled with adjustable ratchet temples and 3M™ Pressure Diffusion Temple (PDT) technology to help provide a more personalized fit. This sporty eyewear also offers self-adjusting colored temples, a variety of lens tints and models with Scotchgard™ Protector Anti-Fog Coating.

For contemporary eye protection designed for comfort and compatibility, use 3M™ SecureFit™ Safety Glasses 500 Series. These safety glasses weigh just 22 g and offer a sleek, stylish look. 3M™ Pressure Diffusion Temple Technology offers a comfortable fit, with slotted ribs that provide comfortable pressure equalization, allowing the temples to flex and self-adjust to the size of the wearer’s head. The design of these safety glasses applies pressure to the less sensitive back of the head instead of the temples, achieving a comfortable fit even during rapid head movement. The adjustable ratchet temples offer even greater customization by allowing user to adjust the lens for facial features and eyeglass position. These glasses combine well with ear muffs.
