With the Bosch Professional GWT 20 tool bag and hand tools set, your essential tools are always available, neatly stored and ready to transport. Versatile compartments and pockets in the open tool bag allow quick access and individual organisation of the tools; integrated tapes on both sides enable additional ProClick Holders or belt pouches to be attached. The bag's locking cleats connect it to the Bosch L-BOXX for secure transportation. The set includes 8 Bosch Professional hand tools, ideal for common applications: 3 screwdrivers, 9 pc. hex key set, diagonal side cutter, locksmith hammer, retractable utility knife, and magnetic level.

Equipment & Application

Made from durable 1000D polyester with an impact-resistant base, the Bosch Professional GWT 20 open tool bag is tough and long-lasting, while the ergonomic grip handle and padded shoulder strap offer maximum comfort. It is compatible with the Bosch Mobility System and ProClick system.
