

Bosch 1.600.A02.W3R Black, Blue, Silver Black, Blue 4.8 cm Chromium- vanadium steel

Model: 1600A02W3R

Manufacturer: BOSCH

EAN: 4053423253078

Product Code: 1513758

R1,982

Do you sometimes prefer hand tools to power tools because many power tools are not suitable for certain applications? Our new pliers have simple and intuitive, quick adjustment solutions. No matter what pipe, nut, or bolt you need to work on, you can adjust our pliers quickly and accurately to ensure a smooth and comfortable use every time. And that makes your work so much easier. The professional pliers wrench is very robust thanks to durable chrome-vanadium steel (CrV) and a stable plug-in joint. Its comfortable 2K soft grip, the possibility to adjust the jaws directly on the workpiece, and its additional clamping protection make your work with the wrench highly convenient. You have high flexibility as it is suitable for sensitive surfaces and for nuts up to 48 mm.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Equipment & Application

Use the professional pliers wrench for gripping, holding, pressing, and bending workpieces. Its smooth jaws allow gentle assembly work on surface-finished and therefore scratch-sensitive fittings. It is suitable for nuts up 48 mm.
