The ergonomic keyboard supports a natural posture and thus prevents overstraining and pain in the arms, shoulders and neck

Multi-device keyboard with 3 channels

Ready to go anywhere: the multi-device keyboard has 1 radio and 2 Bluetooth channels and can therefore be connected to up to 3 devices simultaneously, switching between them with lightning-fast speed at the press of a button

With padded wrist rest

Softly embedded: the integrated wrist rest on the keyboard is perfectly padded and makes the workstation even more ergonomic by protecting hands and wrists

Adjustable typing angle

Ergonomic typing feeling: the folding feet allow the typing angle to be adjusted - for non-slip, comfortable working at the computer keyboard

Negative typing angle

A healthy stance against pain: maximum relief thanks to the negative typing angle when working on the ergonomic keyboard

Divided key section

The ergonomic keyboard with divided key section is perfectly shaped for human hands - for a natural muscle and tendon posture without twisting

Quiet keyboard with scissor mechanism

Long-lasting and sturdy scissor keys: ideal for intuitive, fluid and quiet typing even at very high input speeds

AI assistant for many programs

More productive with artificial intelligence: Assist button activates the cross-program AI assistant

Control multimedia functions via F keys

Activate with Fn: control multimedia functions via the secondary assignment of F keys - without having to use the tedious route of system settings

Fn lock function

Enable and disable the FN lock easily: swap the primary and secondary assignment of the F1 to F12 keys - so you can use the multi-media functions directly via the F-keys, for example, without having to keep the Fn button pressed too

Dimmable backlight

The brightness of the illuminated keyboard can be dimmed and ensure optimised handling in the dark, ideal for spontaneous ideas and quick notes at any time

Wireless keyboard with battery

Powerful and rechargeable: the integrated lithium polymer battery in the wireless keyboard guarantees maximum flexibility

> 20% from demonstrably recycled sources

And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle

Encryption of data entry

Safety first: the wireless keyboard encrypts all key strokes according to the AES-128 encryption standard
