EAN: 5063194001029

Product Code: 1514470

R2,526

Connect to the world in Full HD with the Targus® Webcam with Auto Focus. A step-up from typical laptop webcams thanks to its bright aperture lens, CMOS sensor and auto lighting correction all working in unison to ensure high quality Full HD video even in less than optimal light. Plus auto focusing technology keeps you sharp in frame at all times, so you no longer appear to be a blurred, fuzzy avatar on screen, ideal for home working professionals that demands high quality video conferencing.

With 67-degrees angle of view, it is well suited for framing your head and shoulder plus room for one more colleague without including too much background distractions. Whilst the freely tiltable mount allows you to attach and tilt the webcam in order to find your most comfortable angle. In-built noise reduction microphone minimises ambient sounds to ensure you sounding as good as you look, plus

as an added bonus, the webcam includes a tripod mount so that you can place the camera away from the PC, perfect for teachers, bloggers and influencers looking to live stream

Zoom ® Certified and also compatible with Microsoft Teams®, Apple FaceTime®, Skype® and other video conferencing applications. Plus you can even stream live via YouTube®.

With simple plug-and-play connection via USB, the Targus® Webcam Plus is ideal for anyone looking to step up from dark, low resolution video quality from typical laptop webcams.

Look and Sound Crystal Clear

Auto focus, auto image adjustments, and the dual integrated microphone with ENC will keep you looking and sounding crystal clear.

Flexible and Ready to Go

The clip fixing allows 360° rotation and includes a screw threaded for use with a tripod. The webcam is compatible with Chrome OS®, Windows®, and macOS®, and it's USB-A connection ensures Plug and play ease of use.
