A bold and compact USB-C hub designed to connect all of your essentials. The HyperDrive Flex 4-Port USB-C Combo Hub provides seamless connectivity for both USB-A and USB-C devices, making it easy to expand your setup. Whether you're transferring large files at ultra-fast speeds, connecting external storage, plugging in peripherals, or syncing multiple devices at once, this hub ensures smooth and reliable performance. Made with 75% post-consumer recycled plastic, it combines sustainability with a sleek, modern design - keeping you effortlessly connected while enhancing your desk setup.

Recycled Materials

Make a sustainable choice without sacrificing performance. The HyperDrive Flex 4 Port USB-C Combo Hub is built with 75% recycled plastics, offering an eco-conscious option for your bold and vibrant workspace.
