WMF's gourmet pineapple cutter cuts fresh pineapples into even slices – without the hard core. Simply cut off the top part, the crown and green leaves using a sharp knife. Position the WMF pineapple cutter vertically and turn the razor-sharp cutting blade into the flesh until you get to the bottom. Hold the pineapple tightly in your other hand and pull out the perfectly cut slices attached to the high-quality plastic handle – done! The outer case stays in one piece and the juice is collected inside.
