R711

A high-speed cable that delivers high-definition performance.

HDMI has become the standard digital connection, delivering the highest-quality audio and video signal over a single cable. The Manhattan High Speed HDMI Cable is designed and carefully constructed to meet the evolving needs of the high-definition marketplace. This shielded cable provides the highest resolution possible at 4K x 2K, an audio return channel and a bandwidth of 10.2 Gigabits per second at 340 MHz. Offering a high-quality connection between HDMI-enabled sources and displays, the Manhattan High Speed HDMI Cable provides ultra-high-definition video and multichannel, digital audio with increased performance characteristics and greater accuracy.
